

REGISTRATION PROCESS

We have moved to a new registration system this year, called SportsFIX. This system is being rolled out to other Oztag associations as well. The SportsFIX App will allow you to register as well as see draws/ladders etc throughout the season.

The major change is that if you are registering a team you can only add players to your team online if you know your players email address. Don't panic though, a change is being implemented shortly where you will be able to send a registration code to players so they can register themselves. For now, **PLEASE STILL REGISTER YOUR TEAM, even if you do not add any players. Ensure you register yourself into the team after you have registered the team. When the CODE feature is available, we will send details to all teams that have registered on how to then register your players.**

We understand if some Team Organisers and/or Players may want to continue completing the registration form and then paying the registration fee's in person or through bank deposits, so we will also continue with these methods as well as offering the online system.

The online system enables Team Organisers to register their team and then players to register into the team. This process simplifies the Team Organiser's job and also makes it easier for players to register and pay their registration fees.

In order to use the online system, you will be required to create a SportsFIX Account if you do not already have one. To create an account, you will also require a valid email address. This account will then link to your player profile.

To register a new team please go to [SPORTFIX](#), select Register a New Team and then follow the prompts. Please pay particular attention to your email address and contact number as we will use this to communicate with you.

Once you have registered the team you can log back in at any time and add new players or remove existing players or change their details. You have the choice of paying online or you can still choose to pay in person or over the phone.

If you chose to not do your registration online you need to complete the registration paperwork in this kit.

Please note that until you have 8 players REGISTERED and PAID for into your team the team will not be considered registered into the competition.

To be clear, you can either register online OR you can complete the registration paperwork as per past seasons. We will take payments through the online registration process OR in person at the fields or via bank transfer or over the phone. If you have any issues at all, please contact us on 0421448158.

Thank you for taking our registration kit for the Winter 2020 Competition. **You are also advised to download the rules and regulations for participating in our competitions from our website, www.penrithoztag.com.au.**

You cannot assume that playing in previous competitions will guarantee your team a spot in any competition. In order to register the registration form, with signatures and money, must be handed in at Registration. **Please note that the Committee reserves the right to reject the registration of ANY player, without providing any reason.**

If you have any question regarding these rules, or how they may apply to your team or players please don't hesitate to contact us. We are always open to suggestions on improvements or tweaking of these rules, but they must be to everyone's benefits, so if you have any idea's please come and discuss them with us.
